

corporate profile

Office Furniture Group is a North American leader in the design, manufacture and marketing of high quality office furniture and specialized application furniture.

With over 300,000 square feet of manufacturing space, Office Furniture Group products address the full range of office design, supporting the complex workplace needs of today's technology-driven office. In addition to office furniture and our modular systems furniture, Office Furniture Group offers comprehensive storage and filing products, ergonomic, task, management, lounge and guest seating, casegoods and executive furniture, and a full range of small office workplace furniture and accessories.

Office Furniture Group's origins date back to 1979, when the first member company was founded with the basic object of manufacturing high quality furniture at affordable prices, and has expanded to include the following member companies:

- **DSI Industries Inc (Casegoods and Files)**
- **Links Business Furniture Inc. (Modular Furniture Systems)**
- **LDF Industries Inc. (Home Office and Tables)**
- **DSI Upholstery Inc. (Ergonomic, Executive, Task Seating)**
- **OFIS Systems (Panel Systems)**
- **Ready-To-Go (Imported Products)**

Office Furniture Group is an advantage to growing companies that require an agile and flexible workplace accommodating expansion and future needs. Strengths include:

- an extensive North American sales and service structure.
- design excellence and innovation from design through manufacturing.
- dedicated professionals offering real-world solutions.
- top quality customer service.

Above all else, Office Furniture Group is a constantly growing company that has distinguished itself with the commitment to quality, design, innovation, and customer service.

a team that understands how offices work!
