Account Management

OFIS Systems account managers are experts in all areas of the office furniture business and are dedicated to providing exceptional customer service from project conception to completion. We provide detailed quotes, drawings and communication throughout the process of your project.

Contract Furnishings

We offer a wide array of options, designs, and overall value for all your creative solutions. Let our interior designers help you with space planning. We can provide sketches, suggest color combinations and even offer original ideas. Our contract furnishing, a superior system and a feast for the imagination, offers workplace flexibility and modularity.

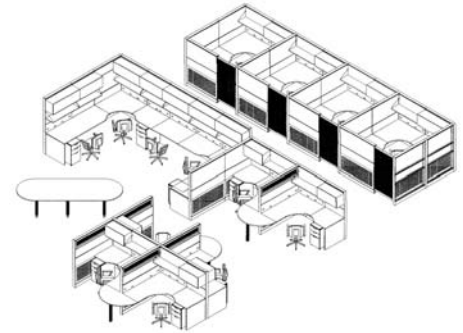

In-Stock Express Programs

OFIS Systems is your one source shopping for your complete office and seating requirements. We offer a variety of alternatives. For those looking for quick delivery take advantage of selected items suitable for courier delivery, or products available as part of our Express Program. For those seeking even faster delivery, hundreds of products are available through our "Express" program.

Office Furniture SHOWROOM

Design and Space Planning

Our team of qualified designers can provide detailed interior layouts drawn to your specifications. All requirements and applications are taken into consideration to create flexible designs that will adapt to change and provide the ultimate in space utilization. OFIS Systems will be happy to provide you with more details on custom design and space planning.

Reconfiguration

OFIS Systems is committed to customer satisfaction. Whether your company moves to a new location or renovates an existing office, we can help design alternative layouts to ensure your existing furniture can adapt to your changing needs. All proposed changes to existing workstations are taken into consideration to help increase productivity and ensure the best design solution for your office.
